

FLASH PRINTING

BANNER SIZE:
80CM X 200CM

BLEED AREA:

Anything in this area will be trimmed off, but remember to extend any colour(s) or image(s) into this 3mm bleed area to avoid white lines appearing during the print finishing stages.

RECOMMENDATIONS:

- Design to scale
- Use high resolution images (300dpi) for the best results

Remember to delete or hide this layer once the artwork is complete
